efficiency which the dignity and in-terest of the country require, higher offices about not only be filled by presenting, but admission to any grade of the service, or promotion, should be based upon a thorough com-petitive examination. This description

tion to the young, able and embitious, and has ceased to be what it how is, a treasury of partisan gifts, or a refuge for the incompetent or disabled. The bill further provides that no travelling expenses shall be abolished. These are circumstances, perhaps, when it is just that the socret service fund in time of peace shall be abolished. These are circumstances, perhaps, when it is just that the government pay travelling expenses, but the existence of this privilege has been so frequently and outrageously abused that the country will be beneficed by its total abolition. As for a secret service fund at time of peace, it has no reason for existence. This country is not an empire, and we have no need to resort to paid spice and informers to carry on the government. The system of employing secret agents by the Department of State
